Los Angeles, California 90012

Dear Supervisors:

**TRANSPORTATION CORE SERVICE AREA  
COUNTY LIGHTING DISTRICTS  
LEVYING OF ANNUAL ASSESSMENTS - FISCAL YEAR 2020-21  
(ALL SUPERVISORIAL DISTRICTS)  
(3 VOTES)**

**SUBJECT**

Public Works is seeking Board approval to continue the street lighting assessment rates in County Lighting District Landscaping and Lighting Act-1 for the unincorporated area and 13 cities for Fiscal Year 2020-21 at the same rate as Fiscal Year 2019-20.

**IT IS RECOMMENDED THAT THE BOARD:**

1. Find that the proposed project is statutorily exempt from the California Environmental Quality Act for reasons stated in this letter and in the record of the project.
2. Approve and file the Engineer's Report for the proposed annual levying of assessments in County Lighting District Landscaping and Lighting Act-1 for street lighting purposes for Fiscal Year 2020-21.
3. Adopt the Resolution of Intention to order the levying of assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2020-21.
4. Set the public hearing for May 26, 2020, on the proposed continuation of the Fiscal Year 2019-20 levying of annual assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2020-21 in all zones identified in the Fiscal Year 2020-21 Engineer's Report.

5. Instruct the Executive Officer of the Board to give notice of public hearing by causing the resolution of intention to be published once in both English and Spanish language newspapers at least 10 days prior to the date of hearing scheduled for May 26, 2020, pursuant to Section 22626(a) of the California Streets and Highways Code.

**AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT THE BOARD:**

1. Authorize changes, if needed, in any of the matters provided in the Engineer's Report, including changes in the improvements, any zones within County Lighting District Landscaping and Lighting Act-1, the diagram that shows the district's boundaries, and the proposed assessment as described in the Engineer's Report.
2. Determine and levy assessments in any amount not to exceed the recommended amounts listed in the Engineer's Report for each assessment zone.
3. Adopt a Resolution Confirming the Diagram and Assessment and Ordering of Assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2020-21, either as originally proposed or as changed by the Board. The adoption of the resolution shall constitute the levying of annual assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2020-21.
4. Find that the property tax and assessment revenues collected from benefited properties will meet operating expenses and financial reserve needs and requirements; purchase supplies, equipment, or materials; provide funds for capital improvement projects, including construction of additional streetlights and the repair and replacement of obsolete equipment with new, modern equipment necessary for the proper operation of lighting facilities in accordance with the provisions of the Improvement Act of 1911 and the Landscaping and Lighting Act of 1972; and in the amount shown for each maintenance district and assessment zone listed in Appendix E of Fiscal Year 2020-21 Engineer's Report.
5. Determine that it is just and equitable and in the public's interest that the additional cost for the expenses of the installation and maintenance of additional lights be made a charge upon the existing districts as a whole in Fiscal Year 2020-21, pursuant to Section 5843.5 of the California Streets and Highways Code.

**PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

Approval of the recommended actions will find that the project is exempt from the California Environmental Quality Act (CEQA) and establish the Fiscal Year (FY) 2020-21 street lighting assessment rates in County Lighting District (CLD) Landscaping and Lighting Act-1 (LLA-1) for all zones established for the unincorporated area and 13 cities shown in Appendix F of the enclosed Engineer's Report (Enclosure A) where the County administers streetlights. Since the existing street lighting assessments expire annually, the Board must renew the annual street lighting assessments to provide supplemental funding for the operation and maintenance of streetlights within CLD LLA-1.

Through this proposed action, the street lighting assessment rates in CLD LLA-1 for FY 2020-21 will remain the same rate as FY 2019-20.

### **Implementation of Strategic Plan Goals**

These recommendations support County Strategic Plan: Strategy II.2, Support the Wellness of our Communities; and Strategy III.3, Pursue Operational Effectiveness, Fiscal Responsibility, and Accountability. Renewing the annual levy of assessments will provide the funding necessary to ensure the continuation of street lighting service for the convenience and safety of the motoring public, as well as for the safety and security of people and property, which will improve the quality of life in the County.

### **FISCAL IMPACT/FINANCING**

There will be no impact to the County General Fund.

The annual street lighting assessments for all zones identified in FY 2019-20 Engineer's Report will expire on June 30, 2020, unless the Board approves the annual street lighting assessments for FY 2020-21 for the operation and maintenance of the streetlights. Financing for the installation, operation, and maintenance of streetlights in FY 2020-21 will be derived from the assessment revenue collected from benefited property owners within CLD LLA-1 and by a portion of the property taxes that is allocated to County Lighting Maintenance Districts (CLMDs) for street lighting purposes.

Funding for this work is included in the FY 2020-21 County Lighting Maintenance Districts' budget.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

On March 31, 2020, the Board adopted a resolution ordering the Director of Public Works or his designee to prepare and file an Engineer's Report for FY 2020-21 for the levying of annual assessments in CLD LLA-1, pursuant to provisions of the Landscaping and Lighting Act of 1972 and Article XIII D of the California Constitution.

CLD LLA-1 was formed on July 24, 1979, to provide supplemental funding for the continued operation of the street lighting systems in the existing CLMDs. It was formed to have essentially the same boundaries as the CLMDs listed in Appendix A of the Engineer's Report. Each subsequent year, the Board has renewed the annual street lighting assessments, and a similar action is required to keep streetlights in the various CLMDs fully operational during FY 2020-21.

The Landscaping and Lighting Act and the California Constitution (Article XIID) set forth procedures that must be followed for any fiscal year during which an assessment is to be levied. The Landscaping and Lighting Act requires the legislative body to approve and file an annual Engineer's Report and to adopt a resolution of intention declaring the Board's intent to levy and collect assessments in CLD LLA-1 for FY 2020-21. During the course or upon conclusion of the public hearing, the Board may order changes in any of the matters provided in the Engineer's Report, including changes in the improvements, the boundaries of any zones within the assessment district, and the proposed diagram or proposed assessment. The Board can also close the hearing to testimony and delay the determination regarding the assessments until a later date or continue the public hearing to receive further testimony and make the determination regarding the assessment at the close of the public hearing continuance. However, according to Section 22629 of the California Streets and Highways Code, the hearing may not be continued beyond August 10, 2020, without prior consent of the Auditor Controller.

The Landscaping and Lighting Act provides for the assessment of street lighting costs against the benefited properties within CLD LLA-1 by any formula or method that fairly distributes the costs among all assessable lots or parcels in proportion to the estimated benefits to be received by each from the improvements. A method of distributing the street lighting costs on the basis of land use was approved by the Board on May 22, 1979, and amended on July 22, 1997, to include government-owned or leased parcels. The report showing the approved method and the assessment units to be assessed on the various types of lots or parcels is on file in the Executive Office of the Board of Supervisors and is made a part hereof by reference. This same method is used to compute the FY 2020-21 assessments.

The California Streets and Highways Code Section 22623 provides that the Board may approve the Engineer's Report as filed or modify the Engineer's Report and approve it as modified.

The enclosed Resolution of Intention (Enclosure B) and Resolution Confirming the Diagram (Enclosure C) have been approved as to form by County Counsel.

### **ENVIRONMENTAL DOCUMENTATION**

The proposed project is statutorily exempt from the CEQA. Adoption of the proposed resolutions to determine and levy the annual street lighting assessments for FY 2020-21 is for the purpose of meeting operating expenses and, therefore is exempt from the CEQA pursuant to Section 15273(a) of the State CEQA Guidelines and Section 21080(b)(8) of the California Public Resources Code.

### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

The levying of the annual assessments is required to finance the operation and maintenance expenses incurred for the proper operation of street lighting facilities.

**CONCLUSION**

Please return one adopted copy of this letter and the signed resolutions to Public Works, Traffic Safety and Mobility Division. Also, please forward one adopted copy of this letter and signed resolutions to the Assessor, Ownership Services Section, and to the Auditor-Controller, Tax Division.

Respectfully submitted,

## **INTRODUCTION**

On March 31, 2020, the Board of Supervisors of the County of Los Angeles designated the Director of Public Works or his designee as the Engineer and adopted a resolution ordering the preparation and filing of an Engineer's Report for Fiscal Year 2020-21, in accordance with Section 22566 of the California Streets and Highways Code and Section 4(b) of Article XIII D of the California Constitution (Proposition 218), for the levying of annual assessments in all zones within the County Lighting District Landscaping and Lighting Act-1 (CLD LLA-1) for street lighting purposes. The annual levying of assessments is necessary to provide supplemental funding for the continued operation of the existing County Lighting Maintenance and Assessment Districts (County Lighting Districts). This Engineer's Report is prepared in response to the above directive to address all zones within the CLD LLA-1.

## **COUNTY LIGHTING MAINTENANCE AND ASSESSMENT DISTRICTS**

The County Lighting Maintenance Districts (CLMDs) are established street lighting maintenance districts. Prior to the enactment of State Constitutional Amendment XIII-A (Proposition 13) in 1978, which placed a limit on the maximum amount of ad valorem tax increases on real property, the operation and maintenance of streetlights within the CLMDs were fully funded by ad valorem property taxes. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passing of this amendment were not sufficient to pay the cost of street lighting services within the CLMDs.

The Assessment District, or CLD LLA-1, was formed on July 24, 1979, to provide supplemental funding for the existing CLMDs. It was formed to be essentially coextensive with the CLMDs listed in Appendix A. Its boundaries include unincorporated territory plus areas within the Cities of Agoura Hills, Bell Gardens, Calabasas, Carson, Diamond Bar, La Cañada Flintridge, La Mirada, Lawndale, Lomita, Malibu, Paramount, Rolling Hills Estates, and Walnut. The CLD LLA-1 has a separate zone for the unincorporated territory and for each city encompassing only the city territory currently within a CLMD. The designation for each city zone is the name of the city within which it lies.

County Lighting Districts' maps that show a diagram of each existing zone within the CLD LLA-1 and indicate the general nature, location, extent of improvements, the exterior boundaries of each zone, and lines and dimensions of each lot or parcel located therein, are on file with the Executive Office of the Board of Supervisors at the Kenneth Hahn Hall of Administration and are made a part of this report by reference. Maps of developments annexed to the County Lighting Districts pursuant to Section 22608.2 of the California Streets and Highways Code, subsequent to the formation of the CLD LLA-1, are on file with the Assessor at the Kenneth Hahn Hall of Administration.

## **FISCAL YEAR 2020-21 IMPROVEMENTS**

New subdivision and single-lot developments processed for annexation to the County Lighting Districts or constructed within the existing boundaries of the County Lighting Districts, whose streetlight operational costs were transferred from a developer's account to a lighting district account in Fiscal Year (FY) 2020-21, are listed in Appendix B. The number and size of streetlights installed and the estimated annual operating costs for each new subdivision or single-lot development, together with the zone in which the development is located, is also listed in Appendix B. Maps of the annexation and the type and location of the improvements installed by the developers are shown on maps on file with Public Works at 900 South Fremont Avenue in Alhambra.

Information on additional streetlights authorized for installation within the boundaries of the County Lighting Districts during FY 2020-21, in response to specific requests and in compliance with procedures set forth in the California Streets and Highways Code Section 22565 et seq. is shown in Appendix C. Maps showing the type and location of the improvements are on file with Public Works.

During FY 2020-21, the Board of Supervisors did not approve any annexations of territory by petition of the property owners to install new streetlights. Also, the County Lighting Districts did not accept any transfer of highway safety lights at signalized intersections along with their annual energy and maintenance costs.

## **REVENUES AND ASSESSMENTS**

All benefited parcels of real property located within the County Lighting Districts are identified by the FY 2020-21 Tax Rate Area Report and Assessor Parcel Numbers listed in Appendix D. The diagram of each CLMD and Assessment Zone, along with the lines and dimensions of each lot or parcel of land located therein, are described in maps prepared in accordance with Section 327 of the California Revenue and Taxation Code, which are on file in the office of the Assessor and are made a part of this report by reference.

Funds collected pursuant to the California Streets and Highways Code, the Improvement Act of 1911 and the Landscaping and Lighting Act of 1972, may be used for certain streetlight upgrades or capital improvements. Revenues designated for streetlight upgrades and/or capital improvement projects in the unincorporated and city zones are included in Appendix E. Signed into law by Governor on July 9, 2018, Senate Bill 1323 expanded the authority of County-administered CLMDs formed pursuant to the Improvement Act of 1911 and allowed them to use funds collected to perform maintenance and make improvements including streetlight acquisition pursuant to the Landscaping and Lighting Act of 1972.

Section 22573 of the California Streets and Highways Code provides for assessment of street lighting costs upon the benefited properties within the CLD LLA-1. The Section states, "The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method, which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements." A method of distributing the street lighting costs on the basis of land use and land-use data compiled by the Assessor was approved by the Board on May 22, 1979, and amended by the Board on July 22, 1997, to distribute costs among governmental-owned or -leased parcels in accordance with the provisions of Article XIII D of the California Constitution. The report showing the approved method and the number of usage units assigned to the various land use categories on the basis of benefits received is on file with the Executive Office of the Board of Supervisors.

The July 22, 1997, amendment provides for as-needed, automatic future assessment increases to governmental-owned or -leased parcels within the Calabasas, Carson, Lomita, and Paramount Zones. In future years, the amount of the base rate assessment for Calabasas and Lomita Zones may be automatically increased based on streetlight tariff rates charged by Southern California Edison as approved by the California Public Utilities Commission. For the Carson and Paramount Zones, the amount of the base rate assessment may be automatically adjusted annually for cost of living based on a factor calculated by using the Consumer Price Index for the Los Angeles Riverside-Orange County areas for all Urban Consumers.

The estimated costs of operating CLD LLA-1 during FY 2020-21 are shown in Appendix F. The estimated costs were evaluated and determined to be reasonable and appropriate. Appendix F also lists the proposed assessment rate per unit for FY 2020-21 and the amount of estimated assessment revenue to be collected for the unincorporated and 13 city zones located within CLD LLA-1. If the proposed assessments for FY 2020-21 are not approved by the Board of Supervisors, it will be necessary to reduce street lighting services to stay within the operating revenues from ad valorem property taxes.
